Reference letter

To whom it may concern

I hereby confirm that the trainer **Katarzyna Skowrońska** from the consulting and training company **Valkir Academy Sp. z o.o.** performed online **"Professional Scrum Foundations"** training on 01-02.10.2020 for a group of seven employees from **Kino Polska TV S.A.** Taking the opportunity I would like to thank the trainer for carrying it out.

The training was carried out professionally and the trainer demonstrated not only great practical knowledge in the field of Scrum, but also outstanding coaching skills, supported by in-depth knowledge of applications supporting remote training performance.

Thanks to the use of the Mural application the training included exercises and games adapted to the online version and the participants used interactive boards instead of classic flipcharts, which turned out to be a strongly engaging solution, appreciated by the participants.

The theoretical part was supported by the simulation of work in Scrum, which allowed to empirically verify the presented theoretical assumptions regarding the Scrum framework.

Thanks to participation in the workshop, the team understood the mechanics of working in Scrum and learned about tools and boards supporting Agile teams.

The cooperation with the trainer met our expectations, so I recommend Valkir Academy Sp. z o.o. as a reliable and trustworthy training partner.

Yours faithfully,

Levent Gültan
